

EVOLUTION  
IN ENGINEERING

## ABOUT

Envolt Electromechanical Work LLC, a UAE-based FEWA licensed company, specializes in MEP engineering, covering Electrical, Plumbing, HVAC, CCTV, and Building Management System. With a focus on quality, innovation, and excellent service, we design, implement, and manage projects safely and cost-effectively, using the latest technologies.

Committed to professionalism and client satisfaction, we offer one-stop solutions for MEP needs, regardless of project size. Our track record includes numerous completed projects, showcasing our dedication to each client's success. Additionally, we handle passing and approvals for both permanent and temporary FEWA connections.

## VISION

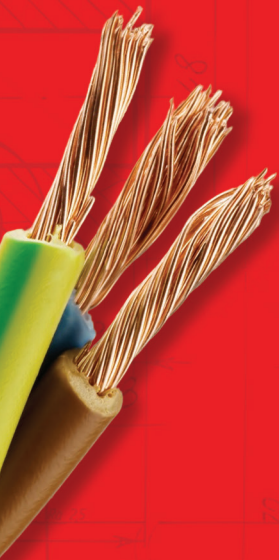

Our vision is to become the "Partner of Choice" and set standards that are acknowledged as "Best in its Class," delivering true value to society. We aspire to reach and retain our position amongst the top three companies and be the leading brand within the next 5 years in the MEP sector.

## MISSION

Our mission is to rapidly grow our business into a dominant position in the electro-mechanical service sector on a sustainable basis. It is based on the core principles of customer focus, excellence of our services, motivated workforce, and the speed of our response.

## WHAT WE OFFER

### ELECTRICAL

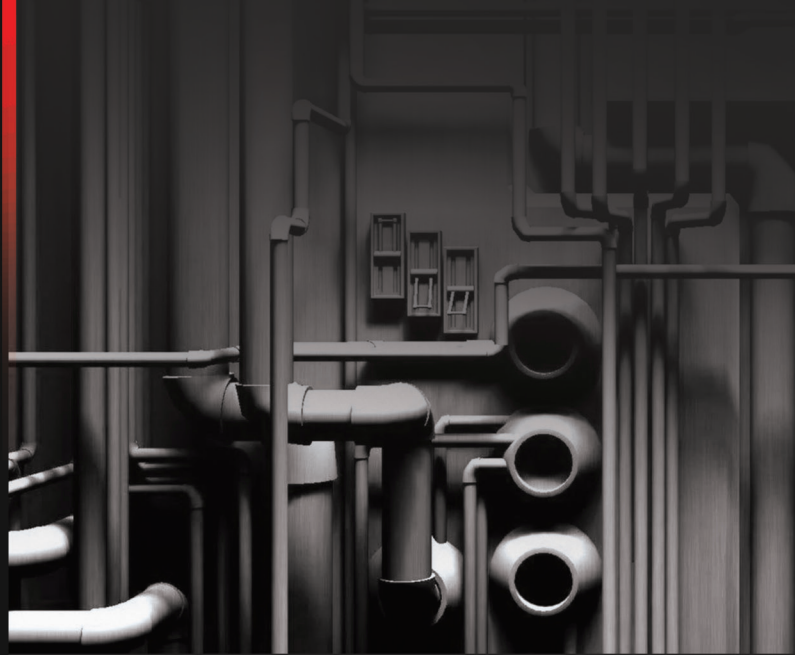

We handle all electrical projects, big or small, with precision and adherence to FEWA regulations. From procurement to commissioning, we've got it covered. Our services span residential, commercial, and industrial sectors. Including:

Our expert team boasts seasoned engineers and plumbers well-versed in PEX, PPR, HDPE, and uPVC systems.

- ▶ Hot & Coldwater Supply system
- ▶ Water Filtration System
- ▶ Irrigation System
- ▶ Swimming Pool
- ▶ Drainage System
- ▶ Sanitation
- ▶ Rain Water
- ▶ Sewage Treatment

## LOW VOLTAGE SYSTEM

Our low voltage system services cover a range of essential needs, including:

- ▶ Low Current Systems
- ▶ Fire Detection & Alarms
- ▶ Telephone & Data Systems
- ▶ Access Control Systems
- ▶ Home Automation
- ▶ Audio / Video Intercom Systems
- ▶ CCTV, P.A Sound Systems

## DESIGN & SUPERVISION

We specialise in design for buildings, warehouses, factories, villas, and more. Our service includes all shop drawings and supervision up to authority inspection.

- ▶ Building, warehouse, factory, villa design
- ▶ Shop drawings & supervision
- ▶ Authority inspection support

## MACHINE INSTALLATION

- ▶ Machinery relocation & setup
- ▶ Precision alignment & calibration
- ▶ Electrical and mechanical installation
- ▶ Commissioning & testing
- ▶ Ongoing maintenance & support
- ▶ Compliance with safety regulations and standards

## HVAC & DUCTING SYSTEM

- ▶ G.I & P.I Ducting Installation System
- ▶ Ecology Unit Installation Systems
- ▶ Chilled Water Piping System
- ▶ Kitchen hood exhaust and fresh air system
- ▶ Package units, DX units, and Fan Coil Unit Installation
- ▶ Chemical Flushing & 3rd Party Testing Reports
- ▶ Ventilation systems
- ▶ Air Balancing System & Certifications

## FIRE FIGHTING

- ▶ Fire alarm system installation and maintenance
  - ▶ Fire extinguisher supply and inspection
  - ▶ Sprinkler system design and installation
  - ▶ Fire pump installation and testing
  - ▶ Emergency lighting system installation
  - ▶ Fire suppression system installation (e.g., CO2, foam)
  - ▶ Fire hose reel installation & maintenance
- 

# CORE VALUES

## SERVICE

We understand, determine, and deliver the highest standards of services.

## TRUST

We build trust authentically by delivering quality.

## RELATIONSHIP

We believe in maintaining long-term relationships and fairness in all our dealings.

## INTEGRITY

We act with honor, honesty, and fairness, holding ourselves to the highest ethical standards.

## EXCELLENCE

We passionately pursue the highest standards and strive to always excel.
